COMPLAINT INTERFERRED BY

A FALSE ARREST

BRIEF AND BACKGROUND

COME NOW, I Tyler Allen Lofall, hereon Plaintiff/Petitioner, petition the court in this matter on my own behalf in a pro se capacity and submit the filings herein on my own behalf. Plaintiff alleges and states as follows:

PRELIMINARY STATEMENT

1. Plaintiff was injured by the actions of the defendants preventing the Plaintiff from receiving the fruits to a contract he had with Joanna Lee Bozian, "the

Decedent", where Joanna had assigned her rights to proceeds [from her homeowner's insurance claim that she had with Assurant after a fire that occurred December 10th, 2018], to the Plaintiff "Irrevocably" prior to her death.

A. (§11.11) THIRD-PARTY BENEFICIARY CONTRACTS AN ACTION MAY BE BROUGHT BY A PARTY WITH WHOM OR IN WHOSE NAME A CONTRACT HAS BEEN MADE FOR THE BENEFIT OF ANOTHER. FRCP 17(A)(1)(F). THUS, THE MAKER OF A THIRD-PARTY BENEFICIARY CONTRACT IS A REAL PARTY IN INTEREST. THE BENEFICIARY IS ALSO A REAL PARTY IN INTEREST. ADVISORY COMMITTEE NOTE, FRCP 17 (1966). OREGON LAW RECOGNIZES THE RIGHT OF A THIRD-PARTY BENEFICIARY TO MAINTAIN AN ACTION ON THE CONTRACT. CRAPPER V. BERLINER'S, INC., 269 OR 117, 123 N 4, 523 P2D 1025 (1974); HALE V. GROCE, 304 OR 281, 286, 744 P2D 1289 (1987).

---

2. [Heirs], Zac Bond, and Teague Bond, by use of fraud amongst other misconducts and tortious actions used their fiduciary role to intercept the proceeds to the already assigned, completed, and paid for [by plaintiff] contract where the Plaintiff had already given value in good faith in full.

ASSIGNMENT OF RIGHTS IS A "COMPLETE TRANSFER OF RIGHTS TO RECEIVE BENEFITS" ACCRUING TO ONE PARTY UNDER A CONTRACT. PERFORMANCE OF A CONTRACT MAY BE ASSIGNED AS LONG AS THE CONTRACTING PARTIES PROVIDE THEIR CONSENT TOWARDS THE ASSIGNMENT. HOWEVER, THE ACT OF ASSIGNMENT NEEDS TO BE LOOKED AT FROM THE PERSPECTIVE OF THE CONTRACTING PARTIES. ESSENTIALLY, THERE ARE THREE

Verified Correct Copy of Original 11/21/2022.

PARTIES INVOLVED, NAMELY, THE ASSIGNOR, ASSIGNEE AND OBLIGOR."

B. AN IMPORTANT PRINCIPLE AFFECTING ASSIGNMENTS IS THAT THE BURDEN OR LIABILITY UNDER A CONTRACT CANNOT BE ASSIGNED. ESSENTIALLY, THE MOOT QUESTION THAT OFTEN ARISES IS WITH RESPECT TO [THE] ***ASSIGNMENT OF "RIGHTS"*** *[&] [THE]* ***ASSIGNMENT OF "OBLIGATIONS".*** *THE SUPREME COURT DISTINGUISHED BETWEEN ASSIGNMENT OF "RIGHTS" AND "OBLIGATIONS". THE COURT UPHELD THAT:*

> **"An assignment of a contract might result by transfer either of the rights or of the obligations thereunder. But there is a well-recognized distinction between these two classes of assignments. As a rule, obligations under a contract cannot be assigned except with the consent of the "promisee", and when such consent is given, it is really a novation resulting in substitution of liabilities. On the other hand, rights under a contract are assignable unless the contract is (A) personal in its nature, (or B) the rights are incapable of assignment either under the law or under an agreement between the parties".**

C. PRIMARILY, THE COURT CLARIFIED THAT OBTAINING PRIOR CONSENT TO ASSIGN "OBLIGATIONS" UNDER A CONTRACT WOULD BE CONSIDERED AS NOVATION AS IT WILL RESULT INTO SUBSTITUTION OF LIABILITIES AND OBLIGATIONS TO THE ASSIGNEE.

D. *MOREOVER, INTRODUCTION OF A NEW PARTY INTO AN EXISTING CONTRACT WILL RESULT INTO NOVATION OF A CONTRACT I.E. CREATION OF A* ***NEW CONTRACT*** *BETWEEN ORIGINAL PARTY AND NEW PARTY. AS THE COURTS HAVE INTERPRETED THAT TRANSFER OF OBLIGATIONS CAN BE UNDERTAKEN THROUGH NOVATION, THE ASSIGNMENT CLAUSE IN A CONTRACT MUST CLEARLY DEAL WITH NOVATION,* ***IF THE INTENTION IS TO TRANSFER OBLIGATIONS.***

3. Since the Decedent/Assignor had no obligations owed to the insurance company, [as it's been upheld many times by the Supreme Courts primarily in the states that are subject to hailstorms] that even in the case of a "no assignment clause" as long as the assignment is "POST LOSS", the rights to the claim are in fact assignable.

4. Yet [even though] there was nothing the Plaintiff was required to do for the defendants, he still in good faith offered/ [was asked] many times, to only be used, stolen from, violated and left homeless in the ice storm of 2021

5. The defendants knew of the assignment, conferring with the Plaintiff multiple times as shown in: Exhibit 6 more clearly lines 600-700 (Zac and Tyler's emails), in the case history with Defendants Admissions [that contradict cross examinations facts], and then Plaintiffs Perception is supported by *Declarations from: Angala Miles, Ron Philips, Sandra Casey, all matching the Plaintiffs declaration* and the insurance companies official "Scope of loss" where Plaintiffs invoice was paid-in-full, paying for work that was completed by the Plaintiff.

6. Document trails of the Defendants factual actions, reveal a malicious and tortious path full of difficult hurdles that were strategically left to "booby trap" the Plaintiff into potentially [and actually was/did in fact] cause a loss in proceeds due to difficulties in civil procedure and procedural errors only effective against a pro se litigant.

Verified Correct Copy of Original 11/21/2022.

NOTE: THIS IS WHERE PROFESSIONAL MISCONDUCT LAID HIDDEN, NO LAWYER WOULD ATTEMPT THE FLIVEROUS AND TORTIOUS ACTIONS AGAINST SOMEONE TALENTED IN LAW, THEY WOULD BE QUICKLY EXPOSED MOREOVER, AN ILLEGAL WASTE OF MONEY.

7. Plaintiff was assigned [the mentioned] proceeds included in the rights assigned by the decedent herself, and Plaintiffs petition to the court in pursuant to the regulations of the UCC primarily article two, five, and nine, [article 9 Uniform Commercial Code-Secured Transactions. [2001 c.445 §1] and the Uniform Declaratory Judgments Act, alternatively in pursuant to ORCP 82] and other relief and in support would show:

8. Although Plaintiff had followed the law to the best of his ability and knowledge, giving value in good faith, doing above and beyond the agreed upon considerations, this fact was UNDISPUTABLE and was/is irrelevant after the "Assignment of Benefits" was signed on or about June 24th, 2020,

E. SEE ORS 114.315 RIGHT TO PERFECT LIEN OR SECURITY INTEREST. A PERSONAL REPRESENTATIVE HAS THE SAME RIGHTS TO PERFECT A LIEN OR SECURITY INTEREST AS THE DECEDENT WOULD HAVE HAD IF THE DECEDENT WERE LIVING. [1969 C.591 §128].

9. Consideration was given, the assignment was assigned, irrevocably transferring full rights to the Plaintiff the moment it was assigned; in other words, the Proceeds were not the Decedents at the time of her death, meaning those rights were not the Defendants to inherit.

Verified Correct Copy of Original 11/21/2022

10. Additionally, The Heirs not being at the Property for nearly two decades, had zero Idea of the condition of the estate prior to the Plaintiff entering upon it. At the time of Joanna's Death, there was paperwork that JP Morgan needed to be signed by the "homeowner" in order to release the funds, and since Joanna Died the "personal representative of the estate" needed to sign them in order to release the funds. Plaintiff gave all the documents to the Heirs of Joanna, and because they lived two hours away, and at the time Teague Bond, Daughter of the decedent was not yet elected as Personal representative of the estate, they were going to send the documents from Eugene once they were able to.

11. The Defendants, having no knowledge of the condition of the property nor the value given by the Plaintiff intentionally left out the Plaintiffs deposit documents and maliciously inserted their own, with full intent [and success] into fraudulently using their fiduciary duty to intercept a $64,523.71 proceed check Assigned to Plaintiff, and blocked Plaintiff from all communication with the mortgage company about the claim that Plaintiff had just spent two years completing and paid for everything personally. (SEE ATTACHED DECLARATION OF SANDRA CASEY, EXPERT FIELD ADJUSTER AND HOMEOWNER APPRAISOR, that completed the Xactimate paperwork (EXHIBIT4) after the fire testifying a $250,000 value increase in the property, matching Plaintiffs EXHIBIT 22, 23, and 24)

Verified Correct Copy of Original 11/21/2022.

12. meanwhile leading Plaintiff to believe there was nothing wrong, and he was going to have no issues in receiving Plaintiffs secured Assignment.

13. At some time in late October or November 2020, JP Morgan, was told that Plaintiff had forged the assignment, and not to communicate with him anymore. JP Morgan then told Plaintiff that he would need a court order in order to communicate any further with Plaintiff. The information that caused the blocking of communication by JP Mortgage stemmed false accusations from Defendant Heir Teague Bond.

14. Plaintiff then learned that the Heirs had made disparaging remarks about the quality, and legality of said Assignment of Benefits, and additionally Plaintiffs services, integrity, and professionalism to the home that JP Morgan still was partial owner of, and that Teague Bond had made false allegations claiming Plaintiff Fraudulently presented them with the Assignment of Benefits entitling Plaintiff to the Proceeds from the now finished claim.

15. Plaintiff then had his proceeds wrongfully taken by the Heirs., his property tossed outside in the mud breaking his computers, his materials, [more importantly the means to defend his self in these matters here] a total of 3000lbs of personal property shown in Exhibit 20, destroying the spirit, and will of Plaintiff and two of his helpers finishing up the claim in order to double and triple make sure that there was no issues upon the collection of

the proceeds that Plaintiff had now been patiently waiting for and deeply invested in since his arrival at the property.

F. ORS 95.240 TRANSFERS FRAUDULENT AS TO PRESENT CREDITORS.:

G. A TRANSFER MADE OR OBLIGATION INCURRED BY A DEBTOR IS FRAUDULENT AS TO A CREDITOR WHOSE CLAIM AROSE BEFORE THE TRANSFER WAS MADE OR THE OBLIGATION WAS INCURRED IF THE DEBTOR MADE THE TRANSFER OR INCURRED THE OBLIGATION WITHOUT RECEIVING A REASONABLY EQUIVALENT VALUE IN EXCHANGE FOR THE TRANSFER OR OBLIGATION AND THE DEBTOR WAS INSOLVENT AT THAT TIME OR THE DEBTOR BECOMES INSOLVENT AS A RESULT OF THE TRANSFER OR OBLIGATION.

H. A TRANSFER MADE BY A DEBTOR IS FRAUDULENT AS TO A CREDITOR WHOSE CLAIM AROSE BEFORE THE TRANSFER WAS MADE IF THE TRANSFER WAS MADE TO AN INSIDER FOR OTHER THAN A PRESENT, REASONABLY EQUIVALENT VALUE, THE DEBTOR WAS INSOLVENT AT THAT TIME AND THE INSIDER HAD REASONABLE CAUSE TO BELIEVE THAT THE DEBTOR WAS INSOLVENT. [1985 C.664 §5]

16. Affiant states that Affiant is Claimant, and that Claimant has given credit to the Estate for payments and offsets to which he is entitled and that the balance claimed as above stated is justly due, and as statements show from the attached documents, the insurance company approved $111,943.56, and all but $6,533.88 (and the deductible) has been released by the insurance company [as of Feb 2021, and in the possession of the defendants].

Verified Correct Copy of Original 11/21/2022.

$6,533.88 was Plaintiffs depreciation money also left at the insurance company, upon blocking of the claim rights by the defendants.

17. Moreover, the defendants intentionally damaged and quickly posted the house selling it the instant it hit the market. The defendants then removed expensive areas of the house in order to claim that the Plaintiff negligently installed the repairs when the pictures clearly show monument the value that had value many times the original insured materials, a choice made by the decedent and none-the-less was not the hairs to make.

ORS 95.260 CREDITOR'S REMEDIES.

J. (2) IF A CREDITOR HAS OBTAINED A JUDGMENT ON A CLAIM AGAINST THE DEBTOR AND IF THE COURT SO ORDERS, THE CREDITOR MAY LEVY EXECUTION ON THE ASSET TRANSFERRED OR ITS PROCEEDS. [1985 C.664 §7]

18. The Defendants then denied two claims Plaintiff had filed with the probate and filed an eviction on only him at the house, leveraging Plaintiff at his most vulnerable times, only then was the motives of the defendants' misconduct and faulty actions discovered. Further the Defendants not willing to give any money to hire a lawyer nor to get Plaintiffs personal property out of the property, they were trying to force him to look like the bad guy, to harmed to defend his self.

19. Meanwhile Plaintiff had emptied his 401k and was extremely patient for the breaching year prior where he personally interjected his life into an extreme vulnerable situation to protect Joanna, the defendants mother [mother in law] entirely in good faith and fair dealing with trust of the fiduciary duties that every one of the defendants, the decedent, and their counsel all breached their fiduciary duties they had over the Plaintiff.

20. Defendants targeted the Plaintiff directly using the excuse he was the only one trying to stay at the property; when two of the three people at that time, had been squatters there for nearly 20 years, yet Plaintiff was trying to leave the whole time yet felt obligated to stay and remedy the problem.

21. Plaintiff was leveraged to and forced into entering the courtroom Pro Se; move 3 trailers across the state with no truck [because it was lost trying to accommodate the defendants haste demands], downed a loaded trailer, time, reputation, health, and finances in an all-time low directly because of the defendants, and they couldn't care less. Not only did they not lend a helping hand; They sand bagged the actions Plaintiff had to take so that they could take what isn't theirs by forcing him to miss a procedural step and lose his window to be paid for work he had done. Their direct actions caused duress

as he ran headfirst into being homeless while forced to take a deal for $7000, on a $111,943.56 claim, of which even this was too much for them and only $3000 was given before Plaintiff was evicted under false pretenses in the heart of covid [with 4 trailers worth of property, now all lost], and only days to do it. They false leaked information to one of the guests that was causing intentional harm at the property for the defendants and told Plaintiff they had already called the police during the ice storm so strong that the city was in a state of emergency, because Plaintiff didn't "walk to a hotel" as demanded by the defendants in single digit temperatures with roads shut down. Plaintiffs' property that had been thrown out in the yard, in mud and rain, mixed in a huge pile with Jolies, and the other people still living at the house…

22. The front yard, just months before, was beautiful, now a disaster, covered in everybody's personal property but the defendants, yet they felt entitled to destroy everything. To add to the chaos One of the 20-year squatters flushed a whole role of paper towels down the toilet in spite, clogging and flooding the house with sewage and then still Plaintiff loyally and good faith to the property, spent two days trying to fix it all because he had people coming to help him pack and needed water. In the end, he found that there were fresh paper towels in the toilet with no human waste… [He was being sabotaged]. Then he took all 3000lbs of now garbage to the dump, thrown out by Zac and Teague into the yard along with kitchen drawers, cabinets,

Verified Correct Copy of Original 11/21/2022.

material he had purchased, and irreplaceable personal property because the defendants were lawless and just wanted it to be impossible to collect.

23. On the 25th of January 2021, Plaintiff filed a Complaint in the Clackamas County Court house, demanding payment from the defendants that they have fraudulently used their fiduciary powers to interject by convincing the mortgage company to send them the proceeds the Plaintiff was intitled to.

24. Unbeknown to Plaintiff at that time (and for over a year), somehow his Declaration attached as one with his Complaint as one document, did not get filed with the Complaint. The Plaintiff tried to give several motions to leave to amend complaint, but without knowing that a large portion of his complaint was missing, he had no way of figuring out "why" his amendments kept being denied.

25. The trial court granted defendants Summary Judgement Motion for partial summary judgement against plaintiffs *Intentional Interference with Contractual Agreement/Economic relations*, and *Tortious Infliction of Emotional Distress* claims, both in regard to "Failure to State a claim in which relief may be granted". The trial court added the option from a request that Plaintiff had on his most recent request to amend his complaint, Judge R------ held that he was leaving a claim for Unjust Enrichment, that the plaintiff had tried to include on his amendment, allowing the Plaintiff to work out the details with the defendants' counsel Joseph McDonald.

Verified Correct Copy of Original 11/21/2022.

26. Defendants Counsel showed no efforts to help, and in fact specifically stated he did not have the time to explain this to plaintiff, when simply letting Plaintiff know, he was missing a large portion of his complaint would have changed everything. Instead, the Defendants tried to push through these counts that were pitfalls to those counts mentioned above, and they were removed on the summary judgement hearing on April 21st, 2021.

DEFENDANTS LIED ON THE ANSWER, AMENDED ANSWER, ON THE STAND, AND THEY LIED IN ORDER TO BE IN POSITION TO INTERCEPT PLAINTIFFS' ASSIGNMENT CONTRACT WORTH $111,943.56. (See Filings Submitted on or about JAN 9th, 2022)

---

27. Therefore, plaintiff asks this court to reverse the trial court's decision to grant summary judgment and to grant a new trial with leave to amend/supplement complaint and bring the case back to the time prior to the false testimony of the defendants. Even in the event that the contract was unenforceable, the assignment of benefits was not, and it was assigned before the decedent ever died, making the proceeds wrongfully taken by: a breach of fiduciary duty, a theft of services, deceit, fraud by the defendants… creating a responsibility for all damages inflicted on the Plaintiff, and as clearly outlined by law "that [where] Justice so requires" the Plaintiff needs a [de novo] trial by Jury where he may be compensated and reimbursed for this unjust enrichment.

STATEMENT OF FACTS

28. Instead of helping plaintiff, who was clearly suffering from injuries caused by overworking and interjecting his life into the position of protecting and fixing the burned down hoarder home; stretched so thin financially in order to be finished with the property. Plaintiff had his time, money, and material protected by the Assignment of Benefits, [a standard in the industry] all wrongfully taken.

29. Defendants had used a series of premeditated attacks by using bad law, false testimony and denials in order to convince the court a handful of half-truths, causing an enormous number of damages to the Plaintiff.

30. Heirs used more energy sabotaging the Plaintiff, preventing him from a clean exit than anything else, destroying his property, his computers, the heater, his tools, and the repairs he previously finished in order to be paid for the claim. Defendants intentionally and willfully created a situation where they could convince the courts and mortgage company stories that prevented Plaintiff from collecting what he was owed. When work was complete, they refused to acknowledge it [even though previously giving false promises to the Plaintiff that they would as it was a protection step Plaintiff was requesting in order to voluntarily leave the property].

Verified Correct Copy of Original 11/21/2022.

(1) Instead, evicting only the Plaintiff, defendants continuously entering the Plaintiffs residence without permission, even on Thanksgiving and Christmas day. Stealing whatever they wanted without regard of ownership, anything to make life at the property less enjoyable, or completion of the job harder to reach.

31. The Defendants actions caused three families to end up homeless and the crew in the ER, with irreparable damages both physical and financial. The heirs and their attorney ignorantly attacked false law, carelessly, intentionally, and illegally taking the fruits of the irrevocable Assignment of Benefits, meanwhile threatening [that the] Plaintiff…"is going to prison for trespassing on our [the defendants] property!" they called the police, they lied in court [all proven] It was not until the false testimony rendered the Plaintiff Homeless and the heirs ultimately cost the Plaintiff all of his property, his freedom, his reputation, his health… and they were entitled to none of it, nor they had any sort of relationship with the decedent and hadn't been to the property in 20 years…. Yet they destroyed another life by using the good faith and heart of the Plaintiff to coerce.

ARGUMENT

1) **THE TRIAL COURT ERRED IN GRANTING SUMMARY JUDGMENT TO DEFENDANTS BECAUSE DEFENDANTS BREACHED THEIR DUTY OF CARE TO PLAINTIFF ON MULTIPLE SEPARATE ISSUES:**

   (a) The defendants had a fiduciary duty to care for the plaintiff when holding the funds that the plaintiff had given consideration for.

   (b) The defendants' actions prevented the plaintiff from completion of anything they questioned him not finishing, although not required to be finished, the heirs only were seeking for a reason to withhold money owed.

2) **THE TRIAL COURT ERRED IN GRANTING SUMMARY JUDGMENT TO THE DEFENDANTS BECAUSE THEY HAD COMMITTED FRAUD AND MISCONDUCT.** [what strengthens this argument as a whole, is that the Plaintiff put the Courts, on notice of this repeatedly, creating a necessity for the courts to step in on their own, and they never did leave the problem a procedural issue where a pro se litigant with a poverty issue, who's financially incapacitated due to the actions of the Defendants]

   (a) DEFENDANTS CREATED THE PROBLEMS FOR THE PLAINTIFF, ESTOPPING HIM FROM:

      1. Completing the extra requirements, he was offering to do.
      2. Using the extras, he was not required to complete as a reason to not pay him on what was complete.
      3. Break and Create issues that were the reasons he wasn't being paid.
      4. Knowingly lie to the courts to create a situation that made Plaintiff unable to manage his own situation, leaving him vulnerable. In other words, had a duty to protect and instead used the good faith and fair dealing and honesty of the Plaintiff to sink him by leaving him without his expectations.

Verified Correct Copy of Original 11/21/2022.

(b) THE DEFENDANTS HAD NO RIGHT TO INTERJECT THE "ASSIGNMENT OF BENEFITS" ASSIGNED TO THE PLAINTIFF PRIOR TO THE DECEDENTS DEATH.

(i) The defendants used their fiduciary duty to cause the fraudulent interception by convincing the mortgage company that the assignment was faulty.

(ii) The rights to the claim were assigned before Joanna's death, meaning never the heirs to inherit.

(iii) Consideration was given in full… therefor potentially voidable if the work was not complete… but never void.

(iv) Defendants used "bad law" … (FOR EXAMPLE):

1. Plaintiff living at the property allowed him to do the work.
2. Damascus being Unincorporated allowed him to do the work.
3. There being an "Assignment of Benefits" made the contract irrelevant, the rights to the claim were irrevocable.

(c) THE DEFENDANTS COMMITED FRAUD.

1. By Replacing the Plaintiffs deposit information with their own.
2. Leading the plaintiff to believe there was no issues.
3. Brought a contractor in to try and entrap Plaintiff by word spin.
4. Lied to the mortgage company

(d) THE DEFENDANTS' ACTIONS HARMED [THE] PLAINTIFF, HIS HELP, AND OTHER TENANTS PROPERTY. THEY DID THIS IN ORDER TO CAUSE A DIFFICULT TIME FOR PLAINTIFF TO CONTEST THE CLAIM.

3) THE TRIAL COURT ERRED AS A MATTER OF LAW IN GRANTING SUMMARY JUDGMENT TO DEFENDANTS. DEFENDANTS COUNSEL JOSEPH MCDONALD

Verified Correct Copy of Original 11/21/2022.

OWED PLAINTIFF A DUTY OF PROFESSIONAL CONDUCT, AND TO KEEP THEIR HONESTY AND INTEGRITY WITH THE LAWS.

(a) Joseph McDonald may not have owed a duty to the Plaintiff, but he owed one to the court. And the Court owed a duty to protect the Plaintiff from unfair practices.

(i) Joseph McDonald has a professional duty to, not submit false information whether it made false by counsel or a client [and he knew or should have known the falsity and yet proceeded to submit false information to the courts].

(ii) The Plaintiff told the court that there was false testimony every step of the way and it was ignored.

DEFENDANTS CAUSED AS MANY ISSUES AS POSSIBLE, FAILED TO SERVE DOCUMENTS TO THE CORRECT ADDRESSES, FAILED TO RETURN ADMISSIONS, FAILED TO BE DIRECT IN WHAT WAS REQUIRED, STACKED THE PROCEDURAL ISSUES IN ORDER TO MAKE THE MOST DIFFICULT AND THEREFOR THE HIGHEST CHANCE OF PROCEDURAL ERROR FOR THE PLAINTIFF STATUTE OF LIMITATIONS. MOREOVER, THE DEFENDANTS HAVE FALSE ANSWERED, AND MISLED THE COURT EVERY SINGLE STEP OF THE WAY, ON NEARLY EVERY ANSWER OR REPLY THEY HAVE GIVEN.

N. AN APPELLATE COURT USES THE SAME STANDARD AS THE TRIAL COURT WHEN REVIEWING A TRIAL COURT'S DECISION TO GRANT SUMMARY JUDGMENT. PRUDENTIAL PROP. & CAS. INS. CO. V. BOYLAN, 307 N.J. SUPER. 162, 167 (APP. DIV.), CERTIF. DENIED, 154 N.J. 608 (1998). IT DECIDES FIRST WHETHER THERE WAS A GENUINE ISSUE OF FACT. IF THERE WASN'T, IT THEN DECIDES WHETHER THE LOWER COURT'S RULING ON THE LAW WAS CORRECT. WALKER V. ALT. CHRYSLER PLYMOUTH, 216 N.J. SUPER. 255, 258 (APP. DIV. 1987).

SUPPORTING BACKGROUND

ABOVE AND BEYOND FACTS

32. Defendants admitted to not being present at any of the time in debate of the property prior to the death of the decedent, and they also verifiably gave false denials on all of the statements in admissions and the two answers.

33. Moreover, the inability to amend the complaint prevented Plaintiff from the supplemental actions after the original complaint was filed, furthering the difficulty ensnaring the Plaintiffs path out of the hardship he has since been endlessly endured.

34. Additionally, the defendants' actions are completely uncalled-for setting the plaintiff up for harm intentionally, knowingly, maliciously in order to take what was not theirs. Defendants' Statement of Material Facts in Support of Summary Judgment, consist of three sentences over this entire case, and those only deny the truths the Plaintiff has validated by other testimony; therefore, Plaintiff declares that there were no genuine issues of fact.

35. THE DEFENDANTS' ACTIONS WERE NOT APPROPRIATE AND THE TRIAL COURT NOT ONLY WOULD BE ALLOWING INJUSTICE TO TAKE PLACE IF THEY LET THE DEFENDANTS GET AWAY WITH THESE ACTIONS, BUT THEY WOULD ALSO ON THE LAW, HOWEVER, BECAUSE IT HELD THAT PLAINTIFF WAS NOT PAID

Verified Correct Copy of Original 11/21/2022.

DUE TO HIS "CONTRACTOR STATUS" YET AS PROVEN IN THE RECENTLY FILED DOCUMENTS, AND LISTED IN II. (D). ABOVE DUE TO

O. LIVING AT THE PROPERTY, CREATES AN ALLOWABLE SITUATION WHERE PLAINTIFF IS ALLOWED TO DO THE WORK ON THE HOUSE.

P. DAMASCUS BEING UNINCORPORATED GIVES NO AUTHORITY TO REQUEST THE BUSINESS PERMIT FROM, NOR ANYONE TO GOVERN THE NEED FOR THE BUSINESS LICENSE AS IT IS NOT REQUIRED [VALIDATED BY EMAIL FROM CLACKAMAS COUNTY], AND

Q. ASSIGNMENT BEING ENFORCEABLE IF THE CONTRACT WAS NOT AS WELL, MOREOVER, ORS 701 HAD NO AUTHORITY IN PREVENTING PLAINTIFF FROM BEING PAID OR DOING WORK. THE DEFENDANTS' CONTINUAL ATTEMPTS TO SLIP THE TRUTHS PAST THE PLAINTIFF, AND PAST THE COURTS IN-ORDER TO HARM THE PLAINTIFF WARRANTS THE COURTS TO INTERVENE AND PENALIZE THE DEFENDANTS, AND RECONCILIATION IS SURELY OWED.

36. A property owner can be required to pay damages for injuries to an invited guest on its property. That is because a property owner has a duty to invited guests to exercise reasonable care in maintaining the property in a safe condition and to provide warnings of the presence of any concealed dangerous condition.

The New Jersey Supreme Court has defined an invited guest as a: "person who is admitted into a residence or reasonably believed she was admitted into a residence." holding [a] plaintiff, who stayed too long at party, was still an invited

guest when injured two days later. Admittance to a residence can be implied in certain circumstances where a reasonable person would believe she was admitted into a residence.

37. Plaintiff was called a "guest" by the Defendants during an eviction hearing on or around the 19th of January 2022 even though he was a resident for over three years. Plaintiff spent 6 months blind, and a half dozen trips to the ER and specialist due to getting an eye issue after getting fiberglass inflaming an eye infection, and then again after a tire exploded in his face. Where it was understood that Plaintiff being at the property to render this situation, made these claims unreachable.

SO, PLAINTIFF WAS EITHER A GUEST OR THERE WAS A LIVE IN, DOING WORK FOR THE INSURANCE CLAIM. BUT HE CAN'T BE NEITHER.

Further molding the intent lead by the Defendants to be negligent as they tried to bend the law to their benefits and that benefit was in creating a hardship for the plaintiff so that he would lose what he was owed for their personal benefit.

JURISDICTION AND VENUE

13. This action arises under the United States Constitution, particularly under the provisions of the Fourth, Fifth, Sixth, Eighth and Fourteenth Amendments to the United States Constitution, as well as Uniform Commercial Code Article 9 and under the federal law, particularly 42 U.S.C §1983, which provides an individual the right to sue state government

Verified Correct Copy of Original 11/21/2022.

employees and others acting "under color of state law" for civil rights violations.

14. This court has subject matter jurisdiction under 28 U.S.C. §§1331, 1343.

15. This Court has jurisdiction over claims seeking *declaratory and injunctive relief* pursuant to 28 U.S.C. § 2201 and 2202, and Rules 57 and 65 of the Federal Rules of Civil Procedure, as well as nominal and compensatory damages, and punitive if so available, against all defendants.

16. Plaintiff's claim for attorneys' fees and cost for its federal claims is predicated upon 42 U.S.C. §1988, which authorizes the award of attorneys' fees and costs to prevailing plaintiffs in actions brought pursuant to 42 U.S.C §1983.

17. This Court has supplemental jurisdiction over Plaintiffs state law claims pursuant to 28 U.S.C §1367 as they arise from the same case or controversy as Plaintiff's claims, with the Heirs original case in 21CV02575, under federal law.

18. §28.3-2 Jurisdiction, Venue, and Applicable Law The federal district courts have exclusive jurisdiction of civil actions based on claims arising under the Federal Tort Claims Act (FTCA). 28 USC §1346(b). There is no minimum or maximum jurisdictional amount.

Verified Correct Copy of Original 11/21/2022.

19. An FTCA action must be prosecuted in the district in which the plaintiff resides, or the tortious event occurred. 28 USC §1402(b).

20. The law of the place where the wrongful act occurs governs the substantive elements of a claim for relief under the FTCA, including choice-of-law rules. 28 USC §1346(b); Richards v. U.S., 369 US 1, 10, 82 S Ct 585, 7 L Ed2d 492 (1962) (tort claim determined by law of state where negligence occurred, not where injury resulted from plane crash). The applicable standard of care, measure of damages, determination of causation, foreseeability, and so on, are all controlled by the law of the state where the alleged tortious act, error, or omission occurred. See Washington v. U.S., 769 F2d 1436, 1437–1438 (9th Cir 1985).

(1) The FTCA is exclusive regarding all suits against the United States sounding in tort. If a tort suit does not lie under the FTCA, the action is altogether barred. However, neither the federal statutes nor the Constitution create a cause of action under the FTCA. Thus, plaintiffs do not state a claim within the jurisdiction of the FTCA unless they point to an actionable tort duty recognized under the applicable state law. FDIC v. Meyer, 510 US 471, 477–478, 114 S Ct 996, 127 L Ed2d 308 (1994). But see §28.3-14 for a discussion of Bivens actions.

21. §28.3-9(b) Intentional-Tort Exception Although the United States has generally retained its immunity from liability for claims arising out of

Verified Correct Copy of Original 11/21/2022.

intentional torts, 28 USC §2680(h), Congress has expressly waived that immunity in certain circumstances. For example, the United States may be held liable for claims arising out of "assault, battery, false imprisonment, false arrest, abuse of process or malicious prosecution" that is occasioned by an investigative or law enforcement officer (statutorily defined as "any officer of the United States who is empowered by law to execute searches, to seize evidence or to make arrest for violations of Federal law"). 28 USC §2680(h); see Annot, Construction and Application of Federal Tort Claims Act Provision (28 USCS §2680(h)) Excepting from Coverage Claims Arising out of False Imprisonment, False Arrest, Malicious Prosecution, or Abuse of Process, 152 ALR FED 605 (1999 & Cumulative Supp 2005).

INTRODUCTION

22. Plaintiff brings this action against the Defendants [and Heirs] in this matter on 42 U.S.C. Section 1983 civil rights claim. [claim of Equity for a U.C.C. Article 9 Claim], The actions by the Defendants violated the Plaintiffs constitutional rights when two West Linn Police Officers, Dana Gunnerson, and Catlin Blyth wrongfully arrested the Plaintiff, interfering with the Assignment of Benefits Plaintiff had with the Decedent.

23. As a consequence of false imprisonment, Plaintiff has been the victim of irreparable damage to his claim rights with Clackamas County Civil Claim 21CV02575, therefore Plaintiff hereby seeks reconciliation for loss of value

Verified Correct Copy of Original 11/21/2022

in the rights to the fruits of a contract that was completed entitling Plaintiff to a $111,943.56 assignment.

24. Plaintiff additionally alleges the following actions of the defendants caused further harm by exposing the Plaintiff to the following: (1) VIOLATIONS OF 42 U.S.C. 1983: UNLAWFUL DETENTION AND CONFINEMENT, (2) VIOLATIONS OF 42 U.S.C. 1983: CONSPIRACY, (3) VIOLATIONS OF 42 U.S.C. 1983: REFUSING OR NEGLECTING TO PREVENT, (4) MALICIOUS PROSECUTION, (5) DENIAL OF NECESSARY AND ADEQUATE MEDICAL CARE AND TREATMENT, (6) FALSE IMPRISONMENT, (7) INTENTIONAL INFLICTION OF EMOTIONAL DISTRESS, (8) CONVERSION, & (9) BREACH OF FIDUCIARY DUTY (11) Unjust Enrichment.

25. Additionally, Plaintiff having his rights violated by a series of actions where the defendants had a duty to protect Plaintiff from either their actions or from the actions of the other defendants.

26. The United States through a separation of powers, has a duty to self regulates government misconduct and, in this matter, failed to do so between the local executive and judicial branches of Government employees; and the Defendants breached their duty to protect by trusting, without actually investigating the actual actions between one and another. as an oversite of "checks and balances" of one party over the other in the matters contained within.

Verified Correct Copy of Original 11/21/2022.

27. Plaintiff believes, and therefore alleges that these actions were actions the defendants acted upon out of habit.

28. As a direct result, the Plaintiff has been exposed to Coercion, Failure to offer Equal Protection of Rights, Lack of Due Diligence, Unnecessary Extended Imprisonment, Loss of Property, Financial Burdens, Reputation Degression, Unrecoverable Time Loss, Mental and Emotional Anguish, Physical Health Depreciation, Loss of Confidence in the Government, PTSD and Fear Caused By Concerns of Being Arrested, Damage to and Possibly the Deciding Factor in the end of a Five Year Romantic Relationship, & worst of all loss of spirit and motivation for the joys of life.

29. These duties to defend are owed by both the County of Clackamas and the Clackamas County Courts, and all the employees they employ, and that duty has been failed.

30. Where the County of Clackamas, and the Clackamas County Courts had the duty to defend, and/or prosecute with respect, fairly, equally, and treat Plaintiff as though innocent until proven guilty in a court of law, defendants had disregarded this duty by choice or negligence.

31. Defendants, by twisting the truths intentionally changed perceived to the viewer[reader] by selectively misleading the evidence brought out into the existence of the case.

Verified Correct Copy of Original 11/21/2022.

32. With use of word spin, and selectively exposing facts, the Defendants did not share exculpatory evidence in favor of the Plaintiff, even after Plaintiff requested it multiple times.

33. In order to get the results desired without regard to law, Defendants knowingly, and intentionally picked in order to manipulate the outcome of the case[report]. Their actions are not only unethical and illegal, but it is also a good indication (or even) [proof] that the defendants' actions were bias and partial and not an accident; and the defendants acted with unfair practices, as well and violated Plaintiffs Equal Rights Doctrine of the Sixth and Fourteenth Amendment.

34. Multiple times it has been brought to the attention of the courts that, that Officers of the court have done the following:

35. Massiel Galla is claiming that she has been told and implied by the District Attorney's Office, as well as the Victim Advocate that she has assigned to her multiple times leading her to believe that her children will be more freely given to her, if she assists in the further in the prosecution of the Plaintiff.

36. This has happened before and after the Dismissal of Plaintiffs case, after he notified the District Attorney that he planned to file a lawsuit.

Verified Correct Copy of Original 11/21/2022.

37. The issue at hand is that the information being leveraged is false, and Massiel declares it as false.

38. Communication was forced to stop between Plaintiff and his Girlfriend Massiel Galla, and in doing so blocked vital information, that only a breach of a no contact order was able to reveal the dishonest prosecution against the Plaintiff. *SEE TRANSCRIPT FROM JAIL COMMUNICATIONS.*

39. Those negative leverage tactics are consistent in the actions the Plaintiff witnessed in case number 22CN10908 where Plaintiff defended himself pro se.

40. None of Plaintiffs requested discovery was honored,

41. Trials were moved without conferring based on the allegations that he had covid when he was tested and cleared.

42. Exculpatory evidence was withheld from a pro se defendant leaving him unable to do specific things, a free man would be able to do,

43. A clear display of unfair tactics and prosecutorial misconduct.

44. Arresting Police Officers Alleging facts based on sub truths, having witnesses stretch or "create" instances so that building blocks of the case

Verified Correct Copy of Original 11/21/2022

fill in holes in the law that are not true is unfair, and dishonest yet also prosecutorial misconduct as well, and it shall be proven.

45. Moreover, even under the most fair light the District Attorney can be seen under, with a duty to reveal both evidence supporting the innocence or guilt of a citizen, using the frustrations of being incarcerated to further force the potential innocent inmate into taking a charge when innocent but the person lacks the will to contest a bogus charge exposes innocent people to take charges due to these tactics and that is also a direct contradiction to what our court prosecution is meant to stand up for.

46. When Plaintiff did not take a plea deal offered by the District Attorney admitting guilt to the Harassment, the DA further increased Plaintiffs sentence as a punishment on the no contact accounts, he was guilty for in regard to violating a no contact order, that was court imposed on the case Plaintiff was wrongfully arrested on.

47. Plaintiff was charged with (four) accounts of contempt of court for violating a no contact order.

48. Plaintiff was then sentenced to (five) 10-day sanctions (50 days instead of 40 (10 days each) therefore being over sentenced for said charges and missed 4th of July due to the clerical error.

Verified Correct Copy of Original 11/21/2022.

49. The alleged victim filed a motion for *waiver of no contact*, at the hearing, in open court, told the DA and Judge she was going to marry Plaintiff, and didn't want the no contact order at all.

(2) Additionally, allegations recorded in the police reports on allegations by the "Victim" said to be about the Plaintiff, her herself in open court reported, these allegations taken by the West Linn Police Officers, were false, or twisted to change the believed intent to the reader.

50. Plaintiff Alleged the same thing in multiple declarations, and (two) Motions for Order to Show Cause.

(3) Moreover, the two police reports displayed a clear and convincing record of "no fear", "no history", "no harm" and no other actual witnesses besides the "victim" and the Plaintiff, leaving no reason to so strongly prosecute the Plaintiff, yet they did.

51. Additionally, neither Show Cause Order brought the Officers for the Order to Show Cause in four months, yet the Officers reports not only were twisted in skewed facts, but they matched. Massiel Galla states that the officers seemed happy to find a way to arrest the Plaintiff on false pretenses.

52. Prior to the arrest of the Plaintiff on March 6th, there were two prior incidences that clearly showed mental health issues of the "victim", and

Verified Correct Copy of Original 11/21/2022

evidence that the Plaintiff was not the aggressor, therefore there was insufficient elements to charge the Plaintiff [Defendant at the time] and WAS the rational one in the situation.

53. On the 4th of March West Linn Police Department was sent to the same address due to Macy bashing out all the basement windows, taking a hose and spraying Plaintiffs property with water inside the house, and pouring flour all over his property that she intentionally purchased for this event, due to her being upset. On This day, it was Plaintiff that was the one who called 911, and told the Police that Massiel Galla needed the hospital, and he knew her very well for they had a 5-year relationship, and something was wrong.

54. On the 5th of March Officer Goode of West Linn Police department took 5 gallons of gas from the alleged victim due to her threats to burn down the house.

55. The Arresting Officers were privy to all of this information, and not only had access to it, but had actual knowledge of the facts. (*SUBPOENA MASSIEL GALLA)*

56. The underlying issue at hand in this matter roots itself in both the local executive and judicial branches of government; for they both have a duty to

Verified Correct Copy of Original 11/21/2022.

protect the interest of the public in both the reputation, property, liberty, and trust.

57. That includes their "Checks and Balances", and officers that make their own law and series of events such as in this instance here. Plaintiff has full intention on proving the West Linn Police Officers used their poor judgement to leave out events such as "broken windows", and the fact that Plaintiff only was stopping a hose, not Offensive in nature at all.

58. Yet The Prosecution continually left out, and failed to reveal Plaintiffs exculpatory evidence, and intentionally made a "mistake" to go off topic on Plaintiff's[defendant's] Demure furthering additional time that the Plaintiff[defendant] had an accusatory instrument, not definite and certain, as the constitution and statute both support as a necessity to detain someone charged with a crime.

BACKGROUND FOR

"CIVIL SUIT FILED JAN 25TH 2021 CLAIM NUMBER 21CV02575"

59. Meanwhile Plaintiff is fighting this criminal claim, he has a Civil Claim that he is owed a substantial sum of money on being damaged due to Statutes of Limitations, and Trial Quickly encroaching.

Verified Correct Copy of Original 11/21/2022.

60. Plaintiff used his Constitutional right to contract & to execute an Assignments of Benefits (see exhibit 2) on an Insurance Claim regarding Joanna Lee Bozian's homeowners' insurance claim, with a casualty loss of Fire on Dec 10th, 2018.

61. Plaintiff had an Assignment of Benefits Signed by Joanna Lee Bozian, granting Plaintiff rights to Assurant Claim Number: 00201046667 with the loss of fire on Dec 10th, 2018, worth $111,943.56.

62. This Assignment was assigned after Joanna breached a contract to remodel the fire damaged house.

63. The Assignment was assigned on around June 23rd, 2020, and it drafted after repetitive financial issues with contracted funds by homeowner Joanna Lee Bozian spending $23,000 of the insurance proceeds that contracted from an earlier contract signed April 17th, 2019, Plaintiff was heavily invested in said project.

64. Plaintiff paid for the remodel out of his earned income, and 401k, in order to correct the potential damages to the house due to partial completion of repairs going into winter.

65. Plaintiff also had to wait to collect his personal income until the final payment, due to Joanna's breach of contract, to complete the house, and did

Verified Correct Copy of Original 11/21/2022.

so in good faith for the benefit of the decedent's home, inherited by the Heirs after her death.

66. The Assignment put the Plaintiff in the shoes of Joanna Lee Bozian the second it was signed. At that moment it was no longer was Joanna's claim's proceeds, even if she was alive.

THE CONTRACT & ASSIGNMENT OF BENEFITS.

SEE EXHIBIT 1 - 4

67. Plaintiff has spent 18+ months upfront and in good faith between December 10ths 2018 and the time Plaintiff Left in February 2021, only to stop working when Plaintiff's payments were wrongfully spent when The Decedent spent $23,000 and did not have her side of the obligation, and she was damaging Plaintiffs work repeatedly.

68. Two side agreements were created between Plaintiff and Joanna to correct the issue. SEE EXHIBIT 21

69. She was late or short every single time she made a payment, and she drug out what was supposed to be 4-5 lump payments, into several dozen, every single one was short. SEE EXHIBIT 23.

Verified Correct Copy of Original 11/21/2022

(4) Joanna wasted Plaintiffs time and money with both agreements, and Plaintiff figured out that Joanna's complete disregard for his time.

70. Plaintiff spent an enormous amount of time helping Joanna get everything under control at her house. He did far more than just helped her with a claim.

71. Joanna was a hoarder, and she had an entire house and barn overflowing with items that she acquired from ex squatters/ tenants, and carloads of good will items on a daily basis.

72. Some of the vagabond tenants, still were at the house when Plaintiff got to the house to start a project remodeling the basement at the property for the Decedent in July 2017.

73. Additionally, Joanna owed Plaintiff $11,000 at the time of the fire.

74. The Plaintiff was deprived his payments from the Decedent the entire time he was at the Property.

75. Plaintiffs had help quit for the complete lack of respect given by Joanna and people's personal space, and respect of time, and now Plaintiff was having his help lose faith in Joanna's ability to pay.

Verified Correct Copy of Original 11/21/2022.

76. Sandra Casey, a licensed field insurance adjuster, and a certified home inspector, refused to finish the Xactimate until an AOB was signed and is owed 10% the difference between the first and second claim.

77. Angala Miles, witness to the signing of the original contract and helped for a significant amount of time to get the property messes under control and help the Decedent with picking some ideas for her additions to the house. Angela came to the property from Washington State, for three separate work trips, and is owed $5,000

78. Ron Phillips is owed $3,000 ($5,000 but Plaintiff was able to pay him out of his 401k), Ron came twice, and then when Plaintiffs truck broke hauling one of his overloaded trailers to accommodate the demands of the Heirs came and got Plaintiffs final Load. Ron Came from Kitsap County Washington, and he was general contracting a project in 2017 in Beaverton when Plaintiff was asked to come to the Property to give advice on a potential addition to the Decedents unfinished basement. Ron ended up in the hospital and homeless due to not being paid.

79. Jeremy T. is owed $2,000 and left twice and ended up in the hospital and homeless when he wasn't paid.

80. Plaintiff emptied his 401K to finish the project.

Verified Correct Copy of Original 11/21/2022

81. Plaintiff did this ONLY because he had an Assignment of Benefits, and Assurant was put on notice.

82. Despite the Anti-Assignment Clause in the Insurance contract with the Insurer, Assurant let plaintiff know that that clause was only for pre casualty assignments, and a post loss Assignment was acceptable.

83. Additionally on the Assignment Claim, (case no: 21CV02575) both the District Attorney's Office and Clackamas County Courts ignored blatantly obvious, malicious, and repetitive fraud in the submitted filings of the Heirs (Defendants/oppositions) pleadings, and responses.

84. Plaintiff contacted the District Attorney seeking aid in the crimes against him.

85. District Attorneys - last email communication was on or about Jan 24th was received at 4:18pm notifying Plaintiff to let local law enforcement know.

86. Plaintiff sent Exhibit 21 to Clackamas County Sheriff's Office.

87. Plaintiff also filed a claim form online requesting help from Clackamas County Law Enforcement.

88. No help was given.

Verified Correct Copy of Original 11/21/2022.

89. The Heirs destroyed Plaintiffs property, secretly denied the probate claim in order to start the time clock Plaintiff had to file the creditor the Heirs had no reason to have any part of but illegally intercepted the claim for the assignment.

90. Then used fraudulent actions and prosecutorial misconduct to illegally evicted him, stole $111,943.56 dollar assignment, and lead him to believe he was going to be arrested even though he had an Automatic Stay as a matter of law and evicted only him so that it could happen as fast as possible leaving Plaintiff defenseless against the Heirs who used his own proceeds to hire Joseph McDonald to keep Plaintiffs money from him for good.

(5) Plaintiff was victim of a series of malicious misconduct including bad faith, fraud and deceit and then leveraged with extortion, so that he was broke homeless, and defenseless when he was trying to protect his claim rights.

91. Much of the evidence herein was extracted directly from the original conversations of the Heirs their selves. And therefore, should be simple to see the truths in the matter. *SEE EXHIBIT 6, & 21.*

92. Due to the extreme amount of time that the insurance company had already taken, Plaintiff had a relationship with the Heirs, and it was said by both the Heirs, that they were not going to interfere with the Plaintiffs Agreement.

Verified Correct Copy of Original 11/21/2022.

93. The Heirs continued to tell the plaintiff what he wanted to hear to keep plaintiff from opposing the Heirs until they fully had the check, and the house was inspected by the mortgage company.

94. On November 30th, 2020, the House final inspection was completed, and the funds were to be released within a day or so.

95. On December 1st the Heirs told the Plaintiff that they would give him $7,000.00 to walk

96. The assignment transferred the rights to the proceeds the Plaintiffs the moment it was signed.

97. The Heirs fraudulent actions lead Plaintiff to believe they were going to honor this because they were not around, and they had not been to the Decedents house in 20 years,

98. To promptly and respectively close out and remove Plaintiffs property from the descendant's house, that the Heirs were going to inherit, Plaintiff gave the Heirs a packet for the mortgage co, and since they are partial owners of the house, to release the funds, JP Morgan needed to indorse the final check upon completion.

Verified Correct Copy of Original 11/21/2022.

99. Heirs conveniently left out Plaintiffs bank information and replaced it with their own.

100. Heirs then told the Mortgage company, while under their fiduciary duty privileges to convince the Mortgage company that fraud was used to gain access to the insurance proceeds, and the assignment was fraudulent.

101. The entire time between the time the Plaintiff met the Heirs, and the time the check was released, the Heir's stated Plaintiff was going to have no issues with them trying to intercept the check when it came time to collect it, from the Insurance co/Mortgage co.

102. Plaintiffs relied on, and earned the payment, but it never came, and he believed he was going have no interference.

103. Both the County and the Court are/were fully aware of the false testimony given in opposition to the Plaintiffs complaint, in Civil Claim (Case no: 21CV02575) in the Heirs Answer, motions, and declarations; yet the court intentionally ignored the Heirs faulty actions.

104. The Heirs made false allegations during an eviction show cause hearing, stating the Plaintiff was a guest in the house, allowing the courts to evict the Plaintiff unpaid in three days.

Verified Correct Copy of Original 11/21/2022.

(6) Due to fraud, and criminal action from the Heirs, and attorney misconduct, further investigation should have been owed.

105. Through acts of fraudulent misrepresentation, fraud upon the court, false testimony, falsely denying accusations, attorney misconduct, destruction of personal property, fraudulent claims to notice, theft of services, premeditated tortious actions including slander, deceit, and extortion the Heirs and their counsel Joseph McDonald (Defendants in case 21CV02575) have intentionally, willfully, and recklessly stollen Plaintiffs *Assignment of Benefits Claim Proceeds*.

106. The official judicial complaint Plaintiff submitted against the Heirs with the ABA due to actions in December 2021, was just denied the week of trial in Aug 2022.

107. Plaintiff has reached out to over a 100 Law Firms.

108. Plaintiff has exhausted every avenue to find help for said claim.

109. Plaintiff completed his side of the agreement in good faith yet was responded by the Heirs putting him in a horrible position, where their goal from a time that they were giving the Plaintiff false information in order to have personal gains proven by the secret slander to the Mortgage company a month before the check came,

Verified Correct Copy of Original 11/21/2022.

110. Intentionally leaving the Plaintiff not to be able to defend his self.

111. Plaintiff openly allowed access to the claim, including handing over documents, and bank statements where the first insurance check was deposited showing the transactions to keep the Heirs from concerns of fraudulent activity.

112. Starting when being evicted with three-day notice, during the heart of covid, while being extorted so the defendants could fraudulently use their fiduciary role to leverage the unexpecting Plaintiffs in his vulnerability, leaving the Plaintiffs good faith efforts to trust the heirs, created an unfair advantage when the premeditated assault all stacked up to hit the Plaintiff at once. *SEE EXHIBIT 21.*

113. Right before the interception of the Assignment and eviction, the Defendants pitched all the Plaintiffs property into the yard, broke the stove, heater, flooded the basement, trashed Plaintiffs work, computer to write contest the denial of the estate claim, and stopped a $64,523.71 check from clearing into the Plaintiffs bank by calling Chase Bank, on a claim number Plaintiff had given them and used their fiduciary powers to convince them that Plaintiff fraudulently created the Assignment. SEE EXHIBIT 20

114. Then posted Plaintiffs eviction notice so it would not be seen, leaving Plaintiff unpaid, and then the Heirs pulled an old excel sheet up and

used that they used as a creditor claim and denied it, starting the time clock for the Plaintiffs, deadline for creditors claim.

For the law and courts to allow this sort of actions is stating they knowingly and purposefully allow the rights of the people going out to the highest bidder, and who is in the right is nonrelevant, and that is unconstitutional, there is no difference than someone breaking into someone's house and stealing over a $100,000 and them having no repercussions.

---

115. By simply assigning counsel in cases mentioned herein, procedural law wouldn't be determined by legal ability of a Pro se litigant who was forced into representing his/herself, with no legal experience and then have everything stripped from their person if not successful in procedure that takes lawyers 10 years with education, and internship that they can ask teachers or mentors, with all the needed tools, where that pro se litigant has nothing and is up against a time clock.

116. The Heirs broke the law, and no justice has been rendered.

CIVIL SUIT FILED JAN 25TH 2021 CLAIM NUMBER 21CV02575

117. On the 25th of January a complaint was filed by the Plaintiff after the heirs of the property owner, Joanna Lee Bozian, who died while the Assignment was in process of being closed out by Assurant, and at that time, the insurance checks still needed to be endorsed by J.P. Morgan due to them still holding the title.

SEVERAL MONTHS EARLIER IN OCTOBER 2020 TO DECEMBER 2020

118. The decedent's heirs then made claim to the mortgage company, the entity in possession of Plaintiffs Assigned Proceeds that the Plaintiff had forged or fraudulently processed the Assignment and did not tell Plaintiff.

(7) Plaintiff had ordered the funds from Assurant to be sent directly over from Assurant, the insurance company, and those funds were waiting for a final inspection that is standard when a mortgage company holds value in a property under repairs from an insurance claim.

119. Plaintiff needed the homeowner signature in order to schedule the final inspection from JP Morgan, and the Heirs lived two hours away and needed to fill out some paperwork for that process to proceed; so, Plaintiff sent the documents he had with the Heirs so the documents could get sent together to their Atlanta branch that deals with casualty loss claims.

120. Plaintiff had his bank information included in those papers, and the heirs aware of this fact, told plaintiff that they would submit the documents.

121. The Heirs left out Plaintiffs bank information and inserted theirs in place of Plaintiffs.

Verified Correct Copy of Original 11/21/2022.

122. Then the Heirs used their fiduciary position, to put JP Morgan on notice not to communicate with the Plaintiff, because of false accusations of their being falsely claimed rights with the Assignment.

123. The heirs [Zac Bond, and Teague Bond] and their counsel [Joseph McDonald] used their fiduciary duty to fraudulently intercept Plaintiffs assignment.

124. The Assignment was assigned, obligations complete, witnessed by multiple credible witnesses [Angala Miles, and Wyatt Bender] well in advance to their mother's death.

125. The Heirs shared no witness to with their mother and the Heirs hadn't seen their mother or been to their childhood home in 20 years.

126. The Mortgage company, set up an appointment with JP Morgan to inspect the work done on the house, and one was set for the 30th of November 2020.

127. Plaintiff called for a status update prior to the final inspection,

128. The lady just set the phone down on the desk and called Teague Bond on another phone; Plaintiff could hear the conversation faintly.

Verified Correct Copy of Original 11/21/2022.

129. Plaintiff had never had to have any approval in the past before speaking with the Mortgage Co, The Assignment of Benefits holds a lot of power, yet with the death of Joanna, the one thing that can prevent communications from a mortgage company and assignee [and it was done] Teague Bond maliciously and intentionally told JP Morgan that Plaintiff fraudulently created the Assignment, denying Plaintiff's request to speak to the mortgage company, and Plaintiff was told he needed a court order in order for them to communicate to him.

130. There was not time before the inspection, and Plaintiff spoke to Zac Bond.

131. Zac Bond told Plaintiff he just wanted to make sure it passed inspection, and there "wouldn't be a problem to release the funds". *SEE EXHIBIT 6.*

132. On November 30th, 2020, Plaintiff met the mortgage company for the final inspection, and it passed all areas that were damaged by the fire and covered on the Plaintiffs Scope of Loss done in Xactimate.

133. This is the same program that Assurant uses for their Insurance Adjusters, and it was submitted in June along with the Plaintiffs Assignment of Benefits that the Plaintiff had with Joanna, the homeowner and mother to Teague Bond.

Verified Correct Copy of Original 11/21/2022

134. Plaintiff had a Licensed Insurance Adjuster, and field home appraiser, Sandra Casey work with him to turn in the paperwork that was then approved by Assurant.

135. Sandra Casey came to the property for several days in August 2019, and worked with Plaintiff again in Dec 2019, and then Plaintiff worked with her remotely and completed the estimate/proposal side of the supplement. Although it was delayed until June 2020 due to Joanna over spending the previous check, there was doubt in Joanna's honesty, by this time Plaintiff had discovered that Joanna had ripped off every contractor that had worked at the property over the last decade. In order to secure her payment Sandra, refused to finish, and Plaintiff agreed until Joanna signed an Assignment of Benefits allowing the payment of the claim to be paid directly from Assurant/Jp Morgan to the Plaintiff, and prevent further delays where

Joanna doesn't have any control[1] in any more miss appropriation of funds[2] additionally Sandra who's payment was a year past when it was initially expected. SEE EXHIBIT 7, and EXHIBIT 7B Affidavit and Declaration of Sandra Casey.

136. The Original field adjuster Plaintiff met at the property Dec 15th, 2018, had an initial payment of $38,385.97 before the request for supplement sent by Plaintiff.

[1] JOANNA HAD SIGNED UP FOR LITERALLY A HALF DOZEN AUTO ORDERS OF PENIS ENLARGEMENT PILLS, VIAGRA, FACE CREAMS, SEX LIBIDO, OVER $10,000 IN DENTAL, AND HEARING AID KIT THAT COST THOUSANDS OF DOLLARS THAT SHE LEFT OUT TO GET STOLLEN BY ONE OF HER SKETCHY GUESTS, AND WHEN HER ACCOUNT WHEN HER CHECKING ACCOUNT RAN OVER REPEATEDLY, HER CHECKING ACCOUNT DRAINED THE MONEY FROM THE CLAIM ACCOUNT, TAKING PLAINTIFFS MONEY TO FINISH THE PROJECT HE WAS THERE TO COMPLETE, CAUSING THE CONTRACT TO COME TO A STAND-STILL, EXPOSING THE HOUSE TO EXTREME VULNERABILITIES, AND LEAVING PLAINTIFF UNPAID AND IN A POOR POSITION.

[2] JOANNA'S MISAPPROPRIATION OF THE FIRST CHECK COST THE PLAINTIFF A YEAR WHERE HE WASN'T REALLY IN POSITION TO LEAVE, AND HE HAD SEEN THE EVIDENCE AND HEARD THE HORROR STORIES OF EVERY SINGLE CONTRACTOR TO SET FOOT ON THE PROPERTY BEING SCREWED AND LEFT UNPAID. JOANNA SPENT $23,000 AND SLOWLY TRIED TO PAY IT BACK, THESE PAYMENTS WERE SHORT AND LATE ON EVERY SINGLE PAYMENT (OVER 50 PAYMENTS ALL DELAYED SEE EXHIBIT 27) AND INITIALLY PLAINTIFF STILL HAD FAITH IN JOANNA PAYING ON HER OWN, AND PLAINTIFF DREW FROM HIS OWN 401K AND PERSONAL ACCOUNTS IN-ORDER TO KEEP WORKING BUT AS TIME WENT ON PLAINTIFF HAD LESS AND LESS FAITH IN THE DECEDENT PAYING WHAT SHE AGREED TO DO.

Verified Correct Copy of Original 11/21/2022

137. After Plaintiff sent his proposal (much of which Plaintiff did in good faith, at his own risk, such as the roof was approved for a patch and Plaintiffs experience[3] led him to believe the Insurance Company would pay for a replacement of the entire roof with proper documentation. In order for the home to not remain vulnerable to the elements for extended periods of time until the house Plaintiff took and used that got a $23,000 roof completely paid for and upgraded to a $30,000+ lifetime, with ice and water shield underlayment in hopes that the original roof would be covered in the end.[4], Assurant approved Plaintiffs supplement, and Plaintiff paid and completed the work for $111,943.56.

---

[3] IF THE ROOF WASN'T PAID FOR IN FULL BY THE INSURANCE COMPANY WITH AN ASSIGNMENT OF BENEFITS THAT'S A COST THE PLAINTIFF TAKES THE LOSS ON. WITHOUT THE ASSIGNMENT OF BENEFITS, THAT'S A COST THE PLAINTIFF COULD HAVE COME BACK AND CHARGE THE HOMEOWNER, AND EVEN PUT A LIEN ON THE PROPERTY OVER.

[4] INSURANCE COMPANIES PAY FOR WHAT WAS ON THE HOUSE NOT WHAT WAS REPLACED ON IT IN THE END. SO THAT IF A 3TAB CHEAP ROOF WAS ON THE HOUSE THAT'S WHAT WOULD BE PAID FOR, SO IF YOU WANTED TO PUT A LIFETIME SHINGLE ON A HOUSE, TYPICALLY THE HOMEOWNER WOULD HAVE TO PAY THE DIFFERENCE BETWEEN 3TAB AND THE LIFETIME SHINGLE, PLUS THE ADDITIONAL LABORS.

Verified Correct Copy of Original 11/21/2022.

138. Plaintiff was assigned those proceeds and had personally paid and covered all of the costs for the benefit of Joanna, and those benefits were then inherited by the Heirs.

139. The check was moved for clearing on the December 1st-2nd 2020.

THE HEIRS STEAL PLAINTIFFS' ASSIGNMENT OF BENEFITS AND THEN BREAK HIM DOWN SO HE CAN'T DEFEND HIS SELF

---

140. After the Mortgage company had notified Teague Bond that the check was on the way to their bank account, Zac Bond wrote Plaintiff an email stating they would only give him $7,000, or he would get nothing. *SEE EXHBIIT 6.*

141. *Plaintiff was entitled the proceeds the second it was signed,* and no longer was Joanna Lee Bozian the owner of said claim proceeds, not even if she was alive, therefore it was not the Heirs to inherit.

§6.1-5 SURVIVAL OF ACTION

§6.1-5(A) IN GENERAL ALL CAUSES OF ACTION SURVIVE THE DECEDENT'S DEATH AND PASS TO THE PERSONAL REPRESENTATIVE OR AGAINST THE PERSONAL REPRESENTATIVE.

ORS 115.305, 30.075; ORCP 4 M, 34 D.

"AN ACTION AGAINST A DECEDENT COMMENCED BEFORE AND PENDING ON THE DATE OF DEATH OF THE DECEDENT MAY BE CONTINUED AS PROVIDED IN ORCP 34 B (2) WITHOUT PRESENTATION OF A CLAIM AGAINST THE ESTATE." ORS 115.315. HOWEVER, ORCP 34 B (2) REQUIRES THAT A CLAIMANT MOVE THE COURT TO SUBSTITUTE THE PERSONAL REPRESENTATIVE FOR THE DECEDENT UPON RECEIPT OF A NOTICE COMPLYING WITH ORS 115.003(3). THE PERSONAL REPRESENTATIVE HAS NO GREATER RIGHT TO RECOVER THAN THE DECEDENT WOULD HAVE HAD IF LIVING, AND THE PERSONAL REPRESENTATIVE IS SUBJECT TO ALL THE DEFENSES THAT COULD HAVE BEEN ASSERTED AGAINST THE DECEDENT. 31 AM CHAPTER 6 / REPRESENTATIVE CAPACITY 6-8 2012 REVISION JUR2D EXECUTORS AND ADMINISTRATORS §1124 (2002) (SUPPLEMENTED PERIODICALLY). FOR A DISCUSSION OF SURVIVAL OF CAUSES OF ACTION AND SUBSTITUTION OF PARTIES, SEE CHAPTER 7.

142. The Heirs fraudulently and illegally stole the proceeds from the Plaintiff and used a handful of illegal tactics to complete the interception.

143. Local Law enforcement told Plaintiff it was a Civil matter.

144. Plaintiff used all his own money to finish the claim and had no money for an attorney at the time the Heirs stole Plaintiffs proceeds.

145. The Heirs Intentionally gave false allegations in order to remove the Plaintiff stating he was a guest in the house, when he lived there for 3 years.

Verified Correct Copy of Original 11/21/2022.

146. Plaintiff by UCC would have had an automatic stay, and had he known the law he could have defended his self while staying in the house and not had to do it while sleeping in his truck.

147. The Heirs attorney knew or should have known this, yet he made Plaintiff believe he was going to be arrested and removed from the house.

148. Plaintiff tried to bring a trailer that was in dire need of maintenance on the road against his better judgement. Plaintiff lost Truck, Trailer and Load due to the pressure of trying to accommodate the Heirs.

149. Moreover, only the Plaintiff was evicted, when there was three other people at the property that were openly destroying it, and they were not evicted.

150. The Heirs should have to pay what they have taken, and what they have done, and what they continue to do… They point blank lied and committed fraud and extortion against Plaintiff and its verifiable. (SEE EXHIBIT B where Its shown that every single response on the Answer, Amended Answer, and MSJ are all knowingly misleading responses also see EXHIBIT 6, and compare with the "Answer" and Supporting declarations & Affidavit of Ron Phillips & Statement of Claim/Exhibit 21) Their actions were motivated in order to illegally take over a $100,000 in cash and assets from Plaintiff by using their fiduciary powers to do it. They

aligned the court ordered requirements that was required to follow in order to keep Plaintiffs rights as a creditor up in a way to cause the absolute most difficult path possible, setting Plaintiff up with the most heavily loaded landmines.

151. Plaintiff recognized the sabotage issues when dodging a lien "deal breaker" months before, in November 2020, when the Heirs asked some specific questions that only someone trying to get someone to make a procedural error in the process would have made. Absolutely outlining their character and turning a light on the premeditated attack their lawyer undeniably helped blueprint for them. They lied to the court stating Plaintiff was a guest, and wouldn't leave the house, yet allowed three destructive people that were the REASON Joanna had Plaintiff building a 160-foot fence to keep out. Allowed them to sabotage Plaintiff by destroying the basement and evicted only Plaintiff in order to get the timing right, allowing a pair of brothers who had squatted there for 20 years, one who had gone to prison for beating up Jolie and firing a weapon in the act of a crime. With a combined arrest record of literally 50 events, replacing Plaintiff at the property with zero incidences (until the false arrest that caused the issues herein) without rhyme or reason except to get Plaintiffs assignment and as much property as they could… blaming Plaintiff for everything at the house that he was there to fix, taking his money, committing crimes against him, throwing his property out in the mud (SEE EXHIBIT 20), destroying his

work, so that he struggled to finish and this all prevented him from defending his self, and in the end filing counter claims against Plaintiff to make him pay money for asking for what money he had been assigned and owed.

HAD THE PLAINTIFF NOT BEEN FALSE ARRESTED THE ISSUES WITH THE ASSIGNMENT CASE COULD HAVE BEEN RENDERED IN TIME FOR THE CLAIM RIGHTS TO STILL BE INSIDE THE LIMITS GIVEN BY LAW.

PROBLEM ON THE COMPLAINT ON 21CV02575

152. During the filing on the 25th of January 2021, the complaint had an unknown clerical error, the Plaintiff remained unaware of for over a year.

153. Plaintiffs Complaint Declaration was missing pages, detached somehow from the said civil case 21CV02575, and put on the Joanna Lee Bozian probate case.

154. The Plaintiff didn't know of this error until February 2022 and would surely need to be corrected before trial along with other pretrial motions.

DAMAGES FROM MARCH 6TH FALSE ARREST

155. Plaintiff had evidence proving compensation was due on his computers, Phones, and hard drives, and some of that evidence Plaintiff had only one copy; this evidence was with Plaintiff at his home on March 6th, 2022.

156. Resulting in direct and irreparable harm to the Plaintiff, On March 6th, 2022, a domino chain of events causing heavy damages occurred resulting from a false arrest by misconduct from West Linn Police Officers Dana Gunnerson, and Catlyn Blyth.

157. These officers' actions directly caused catastrophic damages to civil claim 21CV02575, valued estimated at $180,000 dollars.

158. The damages were clearly foreseeable, and even explained in a conversation between Plaintiff at the time of arrest, eliminating all deniability by the officers.

159. Their actions were willful and reckless.

160. Their actions were intentional, and they clearly had knowledge since both officers tried to hide the same series of events to gain probable cause and circumvent tenant law. And in doing so violated the Fourth, Fifth, Sixth,

Eighths, Ninth and 14th Amendment as well as a 42U.S.C section 1983 violation of civil Rights.

161. Where West Linn Police Officer Defendants, did in fact violate the Plaintiffs Constitutional Rights, by knowingly, intentionally, and willfully persuaded Massiel Galla to add prior arguments between Plaintiff and her that were not unlawful, nor caused harm into a report, twisting the alleged facts as mentioned herein in order to justify immediate eviction when it was not due.

162. The Defendants also arrested Plaintiff knowing the elements were not met, intentionally ignoring the requirements to add up to the elements constituting a crime…

163. Plaintiff debated with him on this exact topic so its certain that Dana Gunnerson absolutely knew the elements were not met. In the end,

164. West Linn Police Officers caused an unlawful arrest, with malicious prosecution / Prosecutorial misconduct; and therefore, West Linn Police Officers intentionally and willfully violated Plaintiffs right to due process under the 5th & 14th amendment Constitutional Rights.

165. Therefore, it is the responsibility of the County of Clackamas, and the West Linn Police Department to reconcile for the damages to Plaintiff.

[ON CASE NO 22CN10908] - CASE DISMISSED AT TRIAL

166. Due to actions by the defendants, a series of civil rights violations caused direct harm to the Plaintiff.

167. These actions directly harmed the Plaintiff in his Property, his Freedom, his Reputation, his Health, loss of belief in the government also causing PTSD, interfered with a contractual relationship when valuable evidence was left outside, in tubs that while held at Clackamas County Jail overfilled with rainwater.

168. The Damages herein is very foreseeable, and not only did the Defendants make negligent choices, but they also specifically told Alleged Victim, not to touch Plaintiffs property, therefore it was left outside, and near the road to get stollen.

169. Plaintiff suffered extreme mental and emotional anguish as a result of Defendant's actions in addition to the damages to mentioned in the two previous paragraphs.

170. Additionally, Plaintiff was unable to take care of his personal property and had property in Four locations.

Verified Correct Copy of Original 11/21/2022.

171. Plaintiff lost the valuable use in all of his property in all four locations.

172. More so missed trial, and the ability to file and research pretrial motions on both his civil case and criminal case due to the Clackamas County Jail, and the Prosecutorial Misconduct of the District Attorney, and both the Clackamas County Police Department and the West Linn Police Department complete lack of regard to Plaintiffs Constitutional rights.

173. The Plaintiff, because of these actions, ended up in the hospital with hyperthermia so cold all his toenails fell off.

174. Plaintiff was also exposed to covid, and due to Covid had his trial moved back in both the Civil Litigation, and Criminal Litigation, where he awaited in jail for 5 extra weeks.

175. Because of not being paid, then being arrested wrongfully, Plaintiff is homeless, and lost all of his tools he is without the means to make financial compensation that he was once able to make.

176. Plaintiff also was responsible for several other families that did work with Plaintiff on the Bozian home.

Verified Correct Copy of Original 11/21/2022.

177. Plaintiff is responsible to pay these families and bankrupted his self-trying.

178. Had the defendants/heirs not interfered or had the District Attorney and Clackamas County Courts honored their duty to protect the Plaintiff... this harm would not have happened to these other families as well.

179. Two of these families also lost their homes and ended up critically sick in the hospital with life threatening issues, completely avoidable if they had been paid.

THESE ACTIONS ARE EXTREMELY HARMFUL, AND IRREPARABLE TO BOTH THE PLAINTIFF'S HEALTH, AND REPUTATION DUE TO THE ACTIONS OF THE DEFENDANTS.

ASSIGNMENT IN CONSTRUCTION CONTRACTS

AS NOTED ABOVE ONLY THE BENEFITS OF A CONTRACT CAN BE ASSIGNED - NOT THE BURDEN. IN THE CONTEXT OF A BUILDING CONTRACT:

- the employer may assign its right to have the works constructed, and its right to sue the contractor in the event that the works are defective – but not its obligation to pay for the works.
- the contractor may assign its right to payment of the contract sum - but not its obligation to construct the works in accordance with the building contract or its obligation to meet any valid claims, for example for defects.

Verified Correct Copy of Original 11/21/2022.

After assignment, the assignee is entitled to the benefit of the contract and to bring proceedings against the other contracting party to enforce its rights. The assignor still owes obligations to the other contracting party and will remain liable to perform any part of the contract that still has to be fulfilled since the burden cannot be assigned. In practice, what usually happens is that the assignee takes over the performance of the contract with effect from assignment and the assignor will generally ask to be indemnified against any breach or failure to perform by the assignee. The assignor will remain liable for any past liabilities incurred before the assignment.

In construction contracts, the issue of assignment often arises in looking at whether collateral warranties granted to parties outside of the main construction contract can be assigned.

Funders may require the developer to assign contractual rights against the contractor and the design team as security to the funder, as well as the benefit of performance bonds and parent company guarantees. The developer may assign such rights to the purchaser either during or after completion of the construction phase.

CONTRACTUAL ASSIGNMENT PROVISIONS

Many contracts exclude or qualify the right to assignment, these provisions are pre loss assignments and the courts have confirmed that a clause which provides that a party to a contract may not assign the benefit of that contract without the consent of the other party is legally effective and will extend to all rights and benefits arising under the contract, including the right to any remedies.

Recently the Assignment of Benefits statutes have changed due to an increasing number of litigants pursuing the "AOB" on insurance claims, protecting both the homeowner, and the contractor. Due to an increasing number and strength of Hurricanes and Hailstorms, Florida is a National leader in these claims. Recently it has been upheld that regardless of an anti-assignment clause in a homeowners insurance clause, a post loss assignment is valid subject to the following exclusions:

- only one of the parties may assign.

Verified Correct Copy of Original 11/21/2022.

- only certain rights may be assigned – for example, warranties and indemnities may be excluded.
- a limit on the number of assignments - as is almost always the case in respect of collateral warranties.
- a right to assign only to a named assignee or class of assignee.

Note that in some agreements where there is a prohibition on assignment, it is sometimes possible to find the reservation of specific rights to create a trust or establish security over the subject matter of the agreement instead.

LEGAL AND EQUITABLE ASSIGNMENT

The Universal Commercial Code, The Restatements of Law, or even The Law of Property Act creates the ability to legally assign a debt or any other chose in action where the debtor, trustee or other relevant person is notified in writing. If the assignment complied with the formalities in the Act, it is a legal assignment, otherwise it will be an equitable assignment.

Some transfers can only take effect as an equitable assignment, for example:

- an oral assignment.
- an assignment by way of charge.
- an assignment of only part of the chosen in action.
- an assignment of which notice has not been given to the debtor.
- an agreement to assign.

If the assignment is equitable rather than legal, the assignor cannot enforce the assigned property in its own name and to do so must join the assignee in any action. This is designed to protect the debtor from later proceedings brought by the assignor or another assignee from enforcing the action without notice of the earlier assignment.

SECURITY ASSIGNMENTS

Using assignment as a way of taking security requires special care, as follows:

Verified Correct Copy of Original 11/21/2022.

- if the assignment is by way of charge, the assignor retains the right to sue for any loss it suffers caused by a breach of the other contract party.
- if there is an outright assignment coupled with an entitlement to a re-assignment back once the secured obligation has been performed, it is an assignment by way of legal mortgage.

ALTHOUGH THE MAKER OF A THIRD-PARTY BENEFICIARY CONTRACT HAS THE RIGHT TO BRING SUIT, THE MAKER IS NOT AN INDISPENSABLE PARTY TO AN ACTION BY THE BENEFICIARY. NEW AMSTERDAM CAS. CO. V. W.D. FELDER & CO., 214 F2D 825, 826 (5TH CIR 1954); SHORE V. ST. PAUL FIRE & MARINE INS. CO., SUPP 164, 165 (D OR 1965).

UNJUST ENRICHMENT

293. For the sake of brevity, Plaintiff repeats, reiterates, and fully incorporates all preceding paragraphs with regard to the facts, jurisdiction, and venue.

294. Plaintiff and Defendants had an agreement wherein Plaintiff was to conduct fire repairs and other remodeling of the Property in exchange for

compensation from Defendants in the total amount paid for in the insurance claim ($111,943.56). Said compensation was to be paid, at least in part, from the insurance proceeds recouped by Jolie and/or her heirs, the Defendants from Jolie's insurance company to then be paid by them to Plaintiff.

295. Plaintiff began doing such work on the Property on or about June 28th 2017 and continued through the fire at which time the compensation due to Plaintiff on the remodel of Jolie's basement became the unpaid remainder that Jolie continued to withhold from Plaintiff as her unstated collateral that forced Plaintiff to continue working under new labor and construction requests, with their own distinct promises that would also be satisfied with monetary payment to the Plaintiff, but in a perpetual cycle of keeping the Plaintiff from ever being able to reach an even plateau, or par for the work done and the payment paid as owed.

296. Joanna and the Defendants spent the insurance money on various things unrelated to Plaintiff's work, and therefore, did not have sufficient funds to compensate Plaintiff for his work. (See EXIBIT 27 Jolie's bank statements where she had numerous overdrafts taken from the insurance account, and even multiple House Payments/transfers), yet the repair work done by the Plaintiff was valued at $200,000.00, and payments made to Jolie and the Defendants by the insurance carrier for these fire related damages for the

construction and restoration establish an objective basis for the value of the repair work that was done for Jolie by Plaintiff.

297. The foregoing facts allege, demonstrate and establish that the Plaintiff conferred a benefit upon Jolie; and Jolie was aware of the benefit she had received from Plaintiff to the Property; and it would be unjust for Jolie, and now through her heirs to retain the benefit conferred upon them by the Plaintiff without paying for it.

298. The benefit conferred by the Plaintiff to Jolie and her heirs, as defined by the Restatement, and Wilson v. Guttierrez, 261 Or. App 410 (2014) is: A person confers a benefit upon another if [the person] gives to the other possession of or some other interest in money, land, chattels, or choses in action, performs services beneficial to or at the request of the other, satisfies a debt or a duty of the other, or in any way adds to the other's security or advantage.
